About This Game

Welcome to "Eugenics", a satirical game about genetic manipulations! In this society builder, you play the sorcerer's apprentice of genetics, in UT-OP-I4 colony. Decipher the genome and create your brave new world, for better or for worse...

Storyline

The future. Humanity is still seeking balance. A few brave citizens belonging to this future world agree to devote their lives to this aim. Secluded in the colony of UT-OP-I4, they and their offspring will try and live independently and in harmony. Yet, they ignore that their every move will be scrutinized and analyzed.... And that, after every birth, the genome of their descendants will be modified to create the perfect individual. For a perfect society. In a perfect world. You are the demiurge of UT-OP-I4, a servant of humanity. Decipher the secrets of our genetics and show us the way.

Gameplay

"Eugenics" works like Mastermind board game : first, you'll have to identify every gene and its effect. Then, you'll be able to modify and edit the genome. As a demiurge, you will however have to render account to the company that employs you. But you can decide if you want to make the world better place, make money, or even if you just want to follow the latest fashion ! Easy to learn but difficult to master...The game is highly replayable, and some missions have the same dark humor as *Dr. Strangelove* movie.

Features

-
- Two gameplays in one : discovery and manipulation of the genome
 - Great freedom to the player, without moral compass
 - Numerous genes to discover
 - An original story mode
 - Dozens of missions and achievements in the free mode
 - All the characters in the colony have a life of their own
 - A dystopian and hypercute art direction
 - Dark humor
 - A game easy to learn, but difficult to master
 - High replay value.

Title: Eugenics
Genre: Indie, Early Access
Developer:
La Belle Games
Publisher:

English,French

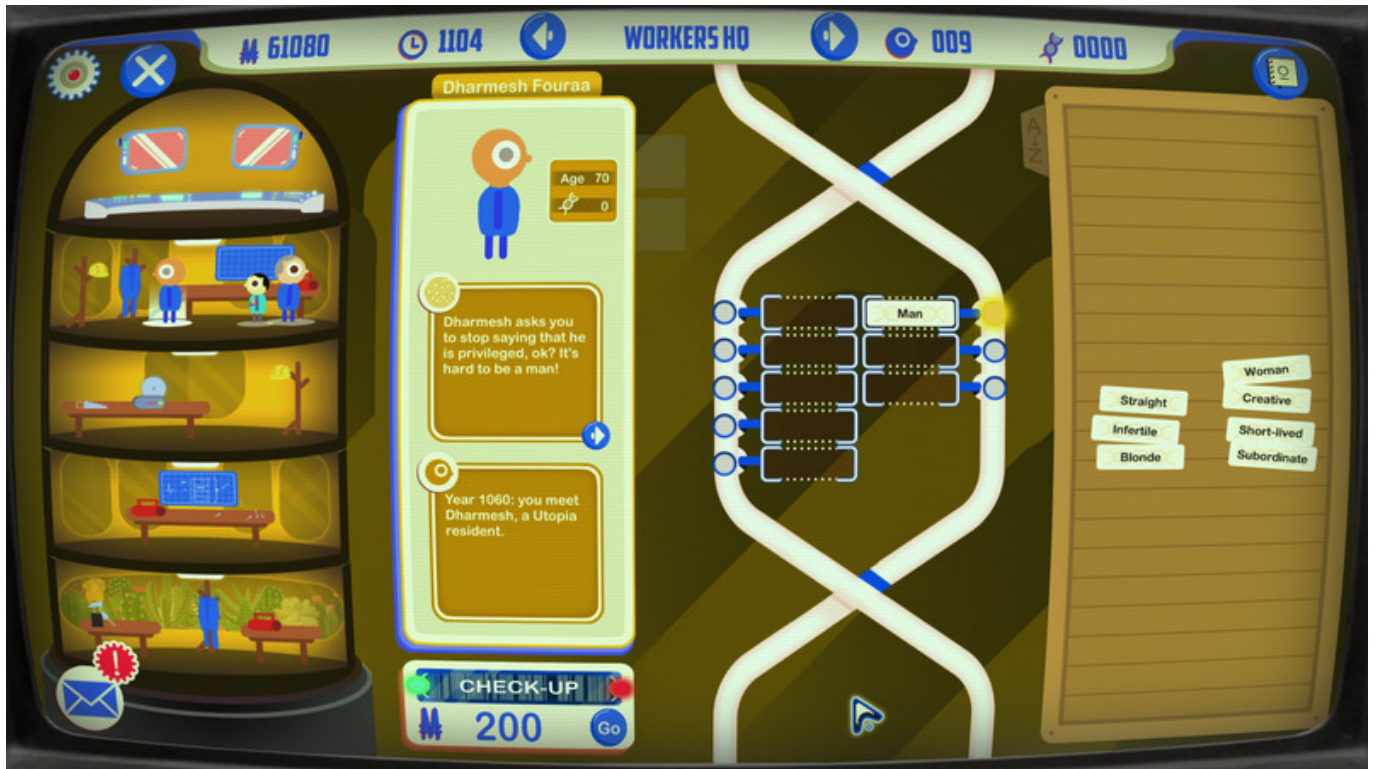

The notebook interface features four tabs at the top: **GENES** (orange), **EVENTS** (blue), **SIDEQUESTS** (purple), and **ENDINGS** (green). A blue 'X' icon is in the top-left corner. The notebook page is lined and contains four gene entries, each with a DNA double helix icon and a description:

- Tall**: Mind you head.
- ???**: Identify this gene to display its detailed information
- Fat**: Guess we'll have to broaden the hallways...
- ???**: Identify this gene to display its detailed information

On the right side of the page, there is a table of contents with page ranges:

- 1-6
- 7-12
- 13-18
- 19-24
- 25-30
- 31-36
- 37-42
- 43-48
- 49-54
- 55-60
